Advisory Service and Services for Goods Traffic

We are just born  
WE KNOW ALL THE INS AND OUTS

Our birth date is of no use to tell you about our experience: we are just born. We are just born because first of all we have been acquiring experience, a lot of experience, working for years at major companies in the trade. Now our experience is at your service in order to ensure **utmost reliability with regard to your goods traffic**: international shipments, commercial and customs formalities, and logistics. We are a dynamic, strong, experienced company that can meet any requirements. We have been working with customers in different areas and enjoy their confidence.

We are perfectly aware of your and your goods' needs: **prompt delivery, safety, operating capacity and constant familiarity with customs regulations**, including a quality-price ratio and a service that differ according to customer.

In compliance with top quality and performance requirements, we ensure tailor-made results according to our customers' needs.

We can successfully tackle any requirements concerning **customs clearance, haulage and international shipments**.

We work together with customer's personnel or take charge of the entire service acting as your import-export office in outsourcing.

Our company operates in the field of sea shipping, air-freight delivery and customs clearance worldwide, and takes care of logistics and goods distribution.

We take care  
OF YOUR GOODS

We support your  
COMPANY'S GROWTH

**W**e pay attention to your requirements and help you find the right solution for your import/export activities

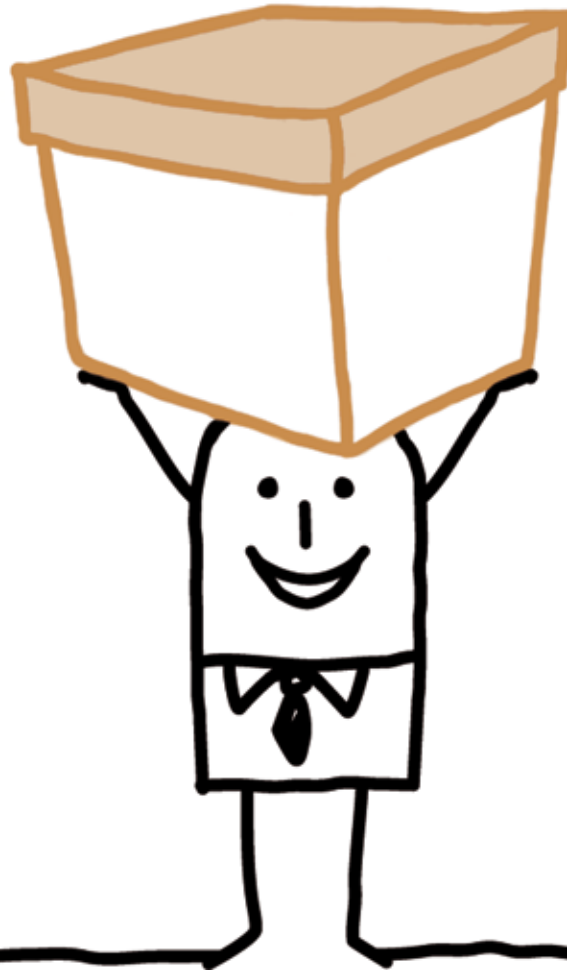

- *the right solution according to your company's organization, its requirements, size, personnel's skills and operating capacity;*
- *the right solution for your products.*

**W**e take care of your goods from the place of manufacture and storage to the place of distribution, providing all necessary services.

We advise you on how to save time and money thanks to our specific familiarity with the regulations in different countries.

**W**e believe that the goods we take care of are not only products: they are the motive power of our customers' growth.

This is why we pay painstaking attention to finding the best, most efficient and fast solutions to be at our customers' side.

GIVE US YOUR GOODS...

**W**e take care of anything goods traffic needs by managing the entire procedure and converting fixed costs into variable costs; or we may handle the portion of the service that you think your structure is not in a position to manage.

Our best efforts are focused on **constantly bringing up to date our knowledge of the specific procedures** in each single country and identifying efficient, prompt partners which may ensure the best quality-cost ratio. We seek and advise the most suitable procedures and solutions in order to successfully tackle your problems: **saving money, time and strength**, thus allowing you to take care of and apply your resources to your company's development only.

**We operate throughout the world**, in particular in the Balkan area, Turkey, Azerbaijan, Iran, Iraq, China, Hong Kong, India and Japan, which are the production and trading channels of world economy.

**I**n Italy, we collect goods in the major ports and airports through experienced, reliable domestic forwarding agents: this means geographical proximity in regard to any area in Italy where your goods are picked up and handled, and direct, immediate checking of the operations being carried out.

# WE HANDLE YOUR GOODS

**W**e arrange international shipments through a worldwide network of agents. We arrange booking and tracking of the goods to be shipped by air, land and sea.

- *We ship your goods through a comprehensive, individual, customized service including all required formalities: assistance to obtain certificates of origin, Form A, ATR and health certificates; seeking the most efficient carrier for the type of shipment, geographical area and time schedules.*
- *We ensure a fast groupage service from all major Italian and worldwide ports, managing the entire service from pick-up to customs clearance and goods delivery.*

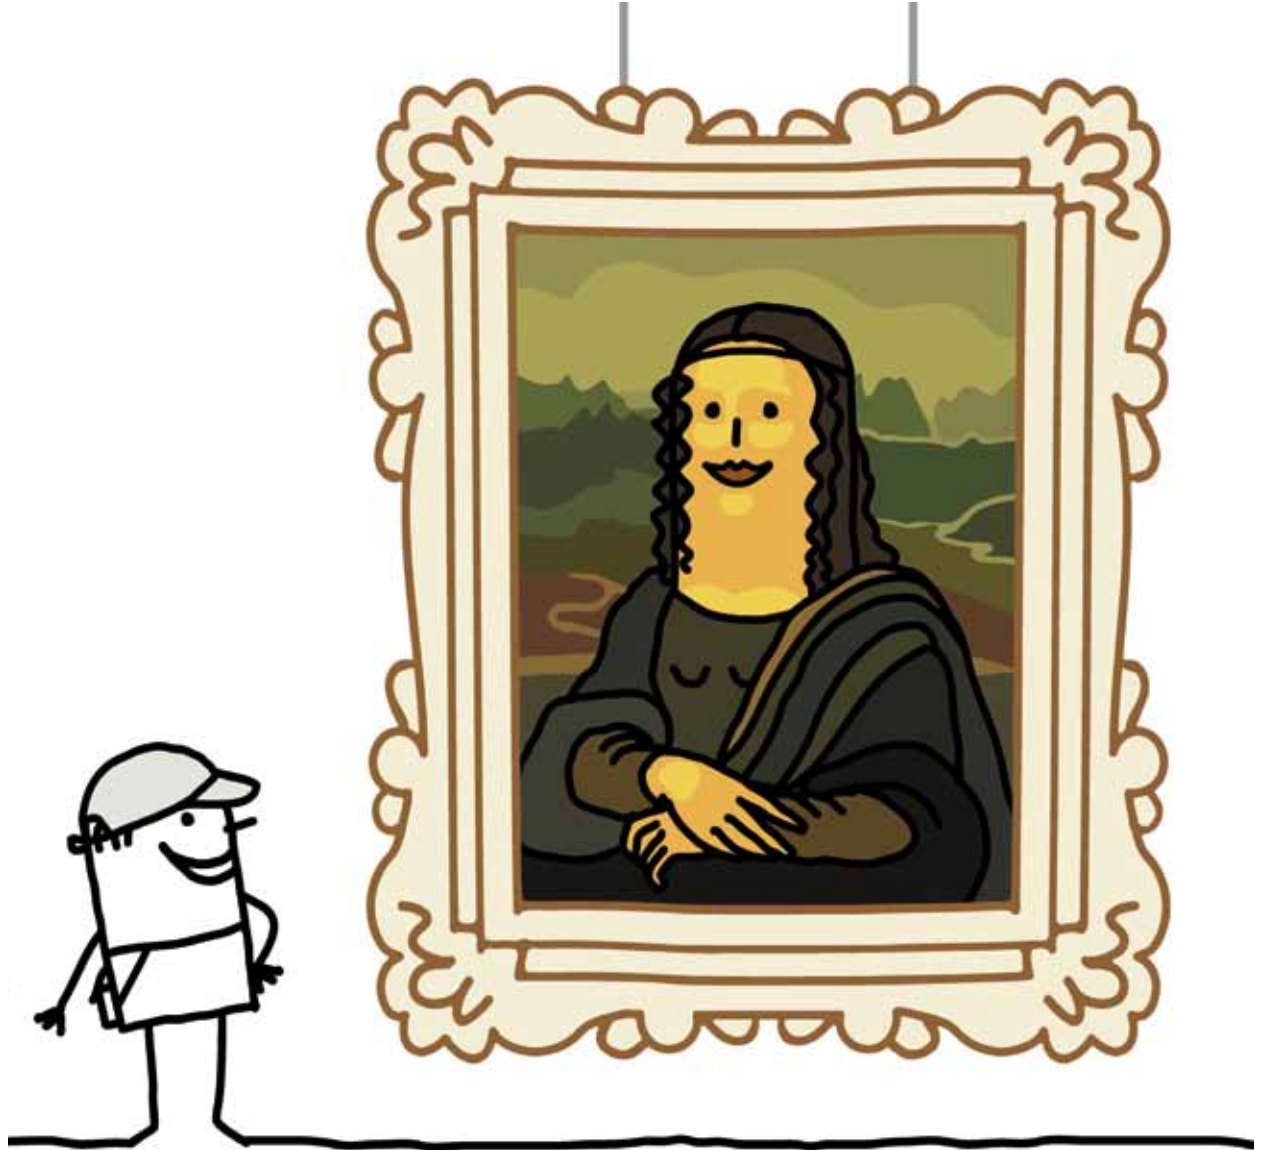

# WE FOLLOW UP YOUR GOODS THROUGH CUSTOMS

Thanks to our familiarity with customs formalities in every country, we ensure a comprehensive customs clearance service and our advice to save time and money:

- **Customs Assistance** and assistance to opening letters of credit: identifying the fastest and most convenient procedure to get your incoming/outgoing goods through the Italian customs.
- **Bonded Warehouse:** simplified procedures ensuring prompt customs clearance.
- **A3 and A4 Tax Warehouse:** Your goods are under no jurisdiction and can be promptly cleared when needed.
- **VAT Warehouse.**

# WE DISTRIBUTE YOUR GOODS

Through our partners, we take care of your goods and ensure door to door **Pick&Pack service** and storage in modern warehouses protected by advanced safety equipment and monitoring systems. We will advise you on the best insurance policies against theft and damaging of your goods.

**...AND YOU'LL GET A MASTERPIECE.**
